C1CU Digital Upgrades Launch August 1st

Online and Mobile Banking Upgrades Coming August 1st, 2022

Community 1st Credit Union is getting an all-new Digital Online and Mobile Banking platform on August 1, 2022. Whether on a computer, mobile phone, or tablet, your digital banking should require only one login with a simple-to-use interface that looks the same and is easy to use wherever you are. For this reason, we have invested in an award-winning digital banking platform.

What you need to know

After the new enhancements are complete, members must re-enroll in our Digital Online or Mobile banking. You will need to know your account number, date of birth, and social security number.

During the upgrade process, Bill Pay will go offline on 7/25/22 and back online on 8/1/22. Any previously scheduled payments will still process during this time; however, new transactions will be unavailable.

Our upgrade process is designed to transfer all of your Bill Pay information to the new system. Still, we recommend saving a copy of your transaction history and your saved Payees as a backup. If you need assistance with Bill Pay, locating your account number, or have any questions regarding the upgrade process, please call us at (800) 247-7329.

Watch for essential details coming your way by email, updates on our Facebook page, or by visiting www.myc1cu.com. We're excited for every member to enjoy our new, improved digital banking soon!

2022 Scholarship Winners

Congratulations to our Community 1st Credit Union scholarship winners; Gabe Rambayon, Maya Lopez, Alivia Hunter and Joshua Decker! Each of these exceptional students have been awarded a \$1,000 scholarship to be used for tuition, supplies, and books at their school of choice. The credit union selected these students based on their essays, academic achievements, demonstration of leadership skills, and participation in their communities. Each of us at Community 1st wishes them a bright and prosperous future in their academic careers and future endeavors.

Gabe Rambayon - Gabe's hobbies include playing basketball, eating and collecting shoes. Gabe was the President of the Native American Club at school and competed at state for DECA (Distributive Education Clubs of America). In addition, he won the Excellence in Marketing Award, was an ASB Board

Member and was a two-year Varsity Basketball Player. He will most likely attend Tacoma Community College, after which Gabe plans on becoming a firefighter.

In a letter of recommendation, his Assistant Vice Principal said he is "a dedicated scholar, impassioned by leading and advocating for historically under-served students and creating a culture which empowers both students and educators to reach excellence."

Maya Lopez - Maya Lopez (Little Shell Chippewa/Zapotec) is a graduating senior this June. She is graduating with a 3.5 GPA from Stadium High School in Tacoma. Maya works as a youth intern for the Urban Indian Health Institute. She has been the Founder and President of the Indigenous Student Club of her High School for the past two years. In

addition, she was on the varsity girls bowling team for all four years and captain of the team her junior and senior years. Maya loves to make traditional, contemporary Native bead-work and play instruments like the guitar and piano in her free time. She plans to attend the University of Washington Seattle in the Fall to study Psychology.

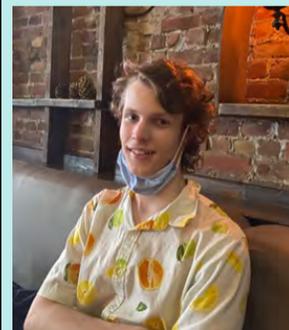

Maya's Career Guidance Specialist stated, "She is absolutely, without a doubt, among the top 1% of accomplished, well-rounded student leaders I have ever had the privilege to work with!"

Alivia Hunter - Alivia graduated with a 3.9 GPA from Tenino High School this year. In

addition to her studies, she keeps extremely busy with other activities. Alivia was the ASB Social Chair, completed Running Start at Centralia College (where she was on the President's List), and works part-time at Dutch Brothers! Alivia was a 4-year varsity starter in basketball, soccer and softball. She was the

Salutatorian of her class as well. Alivia plans on attending University of Providence in Great Falls, MT where she will major in Biology of Health Professions. She hopes to become a travel nurse after college. Alivia's teacher/coach described her as "an individual who shows up earlier than asked, works hard and carries themselves in a polite, respectable manner. She is also exceptionally gifted at making others feel comfortable and always maintains a positive attitude."

Joshua Decker - Joshua graduated from Bothell High School this year. For the last two years of his High School career, he completed the Running Start Program at Cascadia College. Joshua has been a very active student and has many interests on top of his studies. Joshua was in an online chess group for skill development

and took piano lessons for many years. As a member of an online book group, he read and discussed different books and has a 3-D printer that he uses to build cool stuff! Joshua was on Steven's Pass Snowsport Team for Snowboarding and attended Windell's Summer High Cascade Snowboard Camp.

He looks forward to attending Western Washington University in the Fall, where he will study Physics. Good for you, Joshua! We're excited about your future!
